Provillus uses a blend of natural and powerful hair loss fighting ingredients that include the following...

- Biotin
- Magnesium
- Amino Acids
- Vitamin B6
- Minoxidil

These ingredients promote hair growth and encourage healthy hair that grows in strong.

### Using Biotin For Hair Growth...

Biotin plays an important role for the health of your body's hair, skin and nails, and it's known to help provide women with a natural hormone to promote strong hair growth.

### Avoid Being Magnesium Deficient...

Magnesium deficiency is common in women.

In fact, 87% of women who experience hair loss are deficient in this nutrient.

This is because it works along with your body's calcium to promote hair growth...

And using Provillus can make a huge difference in just a few weeks...

...if you're deficient in magnesium.

## **Amino Acids Help Keep You Young...**

Amino Acids help your body reduce visible signs of aging. They can reduce the appearance of wrinkles and increase the moisture of your skin.

Additionally, they can prevent your hair from turning grey and help prevent hair loss.

## **Your Body Needs Vitamin B6...**

B Complex vitamins are extremely important when growing in healthy hair...

and Vitamin B6 has the ability to speed up the metabolism of proteins that help form new hair follicles.

## **High Quality Minoxidil...**

Minoxidil is an FDA Approved drug that is CLINICALLY PROVEN to regrow hair.

It does this by allowing more oxygen and blood to flow to your hair follicles.

This allows more vital nutrients to travel to your scalp as well.

Now, there are many different levels of quality when it comes to minoxidil...

and Provillus uses only the highest quality minoxidil on the market.

The result is you get a SAFE hair loss treatment, that's also EFFECTIVE at helping you eliminate your hair loss.

As you get older, your body stops producing vital hormones necessary to healthy hair growth.

You see, as your estrogen levels begin to drop, your hair may start thinning and falling out...

And even though hair loss is more common for women over the age of 40, it can happen to younger women as well.

Fortunately, Provillus can be used by women of any age or hair type!

And it doesn't matter if you color or treat your hair either. Provillus can still get you the results you're looking for!
